2027 Integrated Resource Plan

October 29, 2026

Integrated Resource Planning ("IRP") Overview

EAL's IRP guides long-term generation decisions

EAL updates its IRP on a three-year cycle, consistent with Section 6.1 of Attachment 1 to APSC Order No. 6 in Docket No. 06-028-R, "Resource Planning Guidelines for Electric Utilities"[1] EAL has begun development of its next Integrated Resource Plan to be filed with the Commission no later than three years from the prior IRP submission, which is October 29, 2027.

- EAL's IRP strategy helps to guide the necessary steps EAL takes today to continue to enhance reliability, affordability, and environmental stewardship for its customers. This approach also provides the flexibility EAL requires to respond and adapt to changing customer needs and expectations.
- Near-term decisions around new generation or deactivation of existing generation are project-specific and are handled on a case-by-case basis
- The IRP encompasses longer-term trends that inform long-term planning decisions regarding EAL's generation portfolio

Integrated Resource Planning Process

Each component of the IRP process is critical to create an informative and effective IRP:

An Integrated Resource Plan is a planning process and framework in which the costs and benefits of supply-side and demand-side alternatives are evaluated to develop resource portfolio options that help meet EAL's planning objectives. Results of the IRP are not intended as static plans or pre-determined schedules for resource additions and deactivations.

Planning and design

Building future scenarios, assumptions, and ranges of risk factors

Stakeholder engagement

Sharing information, receiving feedback, and facilitating Stakeholder Group

Modeling and analysis

Market modeling, EAL portfolio optimization, production cost projections

Conclusions and action plan

Identifying themes and opportunities, establishing a mid-term, actionable plan

Publishing and filing the report

Organizing information, displaying results, and communicating EAL's narrative
